

2017-2018 Yellowstone County 4-H Record Book Completion Guidelines

All record books need to be turned in to clubs before October 1. If a record is not complete, each member has until October 25 to work on his/her record and bring it up to the minimum standards for completeness. Clubs must turn in the member completion list to the County Extension Office by October 31. Gold seal record books should be indicated on the form.

The job of the person checking club member's books is to review each book to determine whether it has met the minimum qualifications for being "COMPLETE". You are not judging the quality of the book. The use of different colored ink and handwriting do not count as deductions. Participating in fair does not mean it is complete. Members do not have to participate in fair.

Completed Record Book – Members must meet these requirements in order to receive a year seal.

- Complete journals and project books for **at least 2/3** of the projects a member is enrolled in on April 30 of the 4-H year. (Example – 2 of 3 projects must be completed, 3 of 5 projects must be completed, 5 of 9 projects must be completed.)
- Submitted books should include a completed My 4-H Year (green) record sheet. The record sheet should identify at least three goals for the 4-H year and all other sections of the record must be complete.
- Following the *My 4-H Year (green)* record should be a *Non-Animal Project/Financial Journal (blue)* or an *Animal Record and Journal (orange)* for each completed project. Each journal should identify 3 goals and all sections of the record must be complete. One *Animal Record and Journal (orange)* can be used if the same animal is used in more than 1 project. Example – breeding and market swine, 1 horse in the ranch and green project.
- Include project books from completed projects. The number of activities required to complete a project are varied. Those checking records should refer to the checklist for project requirements. Horse books must be complete.
- Books may include other personalized items (e.g. photos, articles, ribbons, memorabilia)

**** Anyone can be nominated for county awards but in order to compete members must have a gold seal record book. Gold Seals are awarded at the club level.**

Gold Seal Record Book –To receive a gold seal members must complete the above requirements in addition to those listed below.

- Complete journals and project books for **ALL** projects in which a member is enrolled in on April 30 of the 4-H year. (Example 3 of 3, 5 of 5, 9 of 9)
- Participate in at least three additional learning activities during the 4-H year and record them in your journal (e.g. speeches, demonstrations, judging, public presentations, fair interview judging, 4-H promotion, teen leadership, etc.)
- Include project books for **all** projects. The number of activities required to complete a project are varied. Those checking records should refer to the checklist for project requirements. Horse books must be complete.

PROJECT RECORD SHEETS

My 4-H Year (green)

All sections of this record sheet must be completed, including three goals and the member and leader's signature. A picture of the member should be included. Every section must have something listed. If nothing was done in an area or section of a record sheet, write "none". Members should complete a project journal for every project listed on this sheet.

Non- Animal Project and Financial Journal (blue)

A Project/financial journal is needed for each non-animal related project. Project journals need to contain the name of the project, the year these records were kept, and a leader/parent signature. All sections of the journal need to be completed. If nothing was done in an area or section of a record sheet, write "none".

Animal Record and Journal (orange)

An Animal Records/Journal is needed for each animal related project including any livestock project, cat, dog, rabbit, poultry, pocket pet, etc. They are for all animal projects, not just market projects. Project journals need to contain the name of the project, the year these records were kept, and a leader/parent signature. All sections of the journal need to be completed. If nothing was done in an area or section of a record sheet, write "none". One journal can be used if the same animal is used in more than 1 project. Example – breeding and market swine, 1 horse for both ranch and green projects.

DEADLINES

Club record book final deadline - Oct. 1 – clubs can make this deadline earlier.

County record book deadline – Organizational Leader turn in completed form – Oct. 31

Awards available to pick up at the Extension Office - Nov. 15

Check the project completion list if you have questions about project completion.

- Updated 3/18

RECORD BOOK COMPLETION ACTIVITIES REQUIRED BY PROJECT

Updated 03/06/18

Publication	Project Name	Activities Required
